## **NOTES TO FINANCIAL STATEMENTS**

### **NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

#### **Organization**

GĚneos Wealth Management, Inc. (the “Company”) was formed on April 12, 2002, and operates as a nationwide securities broker-dealer and investment advisor. On June 1, 2007, the board of directors approved the plan for recapitalizing the Company. All common stock and stock options that were issued by the Company were transferred to GWM Holdings, Inc. (the “Parent”). In return the Parent was issued 1,000 common shares in the Company at a par value of \$.0001 per share. The recapitalization resulted in GWM Holdings, Inc. owning 100% of the outstanding shares of GĚneos Wealth Management, Inc. In addition, all previous shareholders of the Company became the shareholders of the Parent in the same proportion as their previous ownership in the Company. The Company earns revenues from asset management advisory fees and the sale of securities, mutual funds, limited partnership interests, fixed and variable life insurance policies, fixed and variable annuities, and real estate investment trusts (REITs).

#### **Clearing Agreement**

The Company, under Rule 15c3-3(k)(2)(ii), is exempt from the reserve and possession or control requirements of Rule 15c3-3 of the Securities and Exchange Commission. The Company does not carry or clear customer accounts. Accordingly, all customer transactions are executed and cleared on behalf of the Company by its clearing broker on a fully disclosed basis. The Company’s agreements with its clearing brokers provide that as a clearing broker, the firm will make and keep such records of the transactions effected and cleared in the customer accounts as are customarily made and kept by a clearing broker pursuant to the requirements of Rules 17a-3 and 17a-4 of the Securities and Exchange Act of 1934, as amended (the “Act”). It also performs all services customarily incident thereon, including the preparation and distribution of customer’s confirmation and statements and maintenance margin requirements under the Act and the rules of the Self-Regulatory Organizations of which the Company is a member.

#### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### **Cash Equivalents**

The Company considers all liquid investments with original maturities of three months or less to be cash equivalents.

# **GENEOS WEALTH MANAGEMENT, INC.**

## **NOTES TO FINANCIAL STATEMENTS**

### **NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** *(continued)*

#### **Revenue Recognition**

Securities transactions and commission revenue and expenses are recorded on a trade date basis. Interest and dividend income are recognized in the period earned. Accounts receivable are carried at their estimated collectible amounts, and losses are determined on the basis of experience with the customer and current economic conditions. At December 31, 2018, management believes all receivables to be fully collectible.

#### **Depreciation and Amortization**

The Company provides for depreciation and amortization of furniture, equipment, and software on a straight-line method based on the estimated useful lives of the assets ranging from three to seven years.

#### **Income Taxes**

The Company accounts for income taxes in accordance with Accounting Standards Codification - 740 *Accounting for Income Taxes*, ("ASC 740"), and related Interpretations. Under the asset and liability method of ASC 740, deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax basis. Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary differences are expected to be recovered or settled.

The Company is required to determine whether a tax position is more likely than not to be sustained upon examination by the applicable taxing authority, including resolution of any tax related appeals or litigation processes, based on the technical merits of the position. The Company files an income tax return in the U.S. federal jurisdiction, and may file income tax returns in various U.S. states. The Company is not subject to income tax return examinations by major taxing authorities for years before 2010. The tax benefit recognized is measured as the largest amount of benefit that has a greater than fifty percent likelihood of being realized upon ultimate settlement. De-recognition of a tax benefit previously recognized results in the Company recording a tax liability that reduces net assets. However, the Company's conclusions regarding this policy may be subject to review and adjustment at a later date based on factors including, but not limited to, on-going analyses of and changes to tax laws, regulations and interpretations thereof. The Company recognizes interest accrued related to unrecognized tax benefits and penalties related to unrecognized tax benefits in income taxes payable, if assessed. No interest expense or penalties have been recognized as of and for the year ended December 31, 2018.

#### **Stock Option Plan**

The Company has a stock-based employee compensation plan, which is described in more detail in Note 6. The Company accounts for this plan under the recognition and measurement principles of Accounting Standards Codification - 718, *Accounting for Stock-Based Compensation*, ("ASC 718") and related Interpretations.

## **NOTES TO FINANCIAL STATEMENTS**

### ***NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES*** *(concluded)*

#### **Stock Option Plan (concluded)**

During the year ended December 31, 2018, stock-based compensation of \$16,846 is reflected in the statement of operations. The options granted under this plan had an exercise price less or equal to the fair value of the underlying common stock on the grant date.

The fair value of these options was estimated at the date of grant using the Black-Scholes option pricing model with the following assumptions: risk-free interest rate range between 0.83% and 2.59%; no dividend yield; volatility range between 1.13% and 3.60%; weighted-average fair value of the underlying stock of ranging between \$0.10 and \$2.00, and an expected life of five years.

### ***NOTE 2 - NET CAPITAL AND MINIMUM CAPITAL REQUIREMENTS***

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital, as defined under such provisions. In addition, as an independent introducing broker, the Company is subject to minimum capital requirements of \$45,000 adopted and administered by the CFTC. At December 31, 2018, the Company had net capital and net capital requirements of \$2,254,968 and \$379,377, respectively. The Company's net capital ratio (aggregate indebtedness to net capital) was 2.52 to 1. According to Rule 15c3-1, the Company's net capital ratio shall not exceed 15 to 1.

### ***NOTE 3 - COMMITMENTS AND RELATED PARTY TRANSACTIONS***

#### **Operating Leases and Related Party Transactions**

The Company has entered into a long-term non-cancelable operating lease for office space beginning December 20, 2013 and ending December 19, 2023, and a non-cancelable operating lease with an unaffiliated entity for equipment expiring through 2018. Future minimum lease payments at December 31, 2018, are as follows:

<u>Year</u>	<u>Amount</u>

2020	378,560
2021	388,024
2022	397,488
2023	<u>406,952</u>
Total	<b><u>\$ 1,940,120</u></b>

# **GENEOS WEALTH MANAGEMENT, INC.**

## **NOTES TO FINANCIAL STATEMENTS**

### ***NOTE 3 - COMMITMENTS AND RELATED PARTY TRANSACTIONS (concluded)***

Rent expense for the year ended December 31, 2018 was approximately \$325,502.

The Company paid Gentech LLC, an affiliated company which is also owned by the same parent company, GWM Holdings, Inc. \$1,080,000 in 2018 for software licensing and data hosting. The company had receivables from GWM Holdings, Inc. and Portfolio Design Advisors, an affiliated registered investment advisor of \$15,169 and \$14,121, respectively. Both of these receivables are for operating expenses such as accounting and insurance paid by Geneos.

### ***NOTE 4 - INCOME TAXES***

In the filing of the Company's December 31, 2018 income tax returns the Company has taxable income of approximately \$1,234,288. Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. The majority of the difference relates to the treatment of the stock option compensation as mentioned in Note 6. The deferred tax asset also includes the benefit of taxable net operating loss carry forwards that the company plans on utilizing in the next 3 to 5 years.

Significant components of the Company's deferred tax liabilities and assets as of December 31, 2018, are as follows:

Deferred tax asset:

Future tax benefit for net operating loss carry forward	\$ 91,893
Other temporary differences	350,157
Valuation allowance	<u>(203,938)</u>
Total deferred tax asset	<u>\$ 238,111</u>

The future benefit for the net operating loss carry forward decreased by \$445,623 due to the reduction of the effective tax rate in 2018 and the anticipated offset of taxable income in 2018. The reduction in the value of tax benefit the net operating loss carry forward caused the booked income tax expense to be 79% of pre-tax net income.

### ***NOTE 5 - DEFERRED COMPENSATION PLAN, PROFIT-SHARING PLAN AND FAIR VALUE MEASUREMENTS***

The Company adopted a profit-sharing plan ("PSP") covering substantially all employees. The Company also adopted an executive bonus plan ("EBP") and an executive stock purchase plan ("ESPP") covering management personnel. The Company's contributions to the plans are determined annually by the Board of Directors. For the year ended December 31, 2018, the Company contributed approximately \$360,000 to the PSP, approximately \$1,577,328 to the EBP, and approximately \$297,006 to the ESPP.

## NOTES TO FINANCIAL STATEMENTS

The total authorized number of options is 9,800,000. The fair value for these options was estimated at the date of grant using the Black-Scholes option pricing model with the following assumptions: risk-free interest rate range of 0.83% and 2.59%; no dividend yield; volatility range between 1.13% and 3.35%; weighted average fair value of options ranging from \$0.10 to \$2.00; and an expected life of the option of five years with an actual life of ten years. The Company recorded stock option compensation for the vested options of \$16,846 for the year ended December 31, 2018.

## **GENEOS WEALTH MANAGEMENT, INC.**

### **NOTES TO FINANCIAL STATEMENTS**

#### ***NOTE 7 - FINANCIAL INSTRUMENTS, OFF-BALANCE SHEET RISKS AND UNCERTAINTIES***

In the normal course of business, the Company's activities through its clearing broker involve the execution, settlement and financing of various customer securities transactions. These activities may expose the Company to off-balance sheet risk. In the event a customer fails to satisfy its obligations, the Company may be required to purchase or sell financial instruments at prevailing market prices in order to fulfill the customer's obligations.

In addition, the Company bears the risk of financial failure by its clearing brokers. If the clearing brokers should cease doing business, the Company's receivable and deposit from these clearing brokers could be subject to forfeiture.

The Company's financial instruments, including cash and cash equivalents, deposits with clearing brokers, receivables, other assets, payables and other liabilities, are carried at amounts that approximate fair value, due to the short-term nature of the instruments.

The Company also maintains its cash balances in several financial institutions, which at times may exceed federally insured limits. As of December 31, 2018, the Company held cash of \$573,297 in excess of the federally insured limit. The Company has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash and cash equivalents.

The Company is involved in various litigation and disputes arising in the normal course of business. In certain of these matters, large and/or indeterminate amounts are sought. Management, after review and discussion with legal counsel, believes the Company has meritorious defenses and intends to vigorously defend itself in these matters, but it is not feasible to predict or determine the final outcomes at the present time.

In 2016 the Securities and Exchange Commission ("SEC") began an examination of the registered investment advisory business of Geneos. It was the examiners' position that Geneos has breached their fiduciary duty to our clients as defined in Section 206 of the Investment Advisers Act of 1940. That duty includes, among other things, an obligation to seek "best execution" for client transactions, specifically investing in the lowest-cost share class available when recommending mutual funds to clients. Geneos has denied that it breached its fiduciary duty and that our clients received all required disclosures prior to investing in mutual funds. On March 12, 2018 Geneos agreed to a settlement with the commission whereby Geneos would reimburse applicable fees to clients and pay a civil penalty \$250,000. The total amount paid on March 15, 2018 was \$1,808,122 of which \$1,491,350 was accrued in 2017.

#### ***NOTE 8 - SUBSEQUENT EVENTS***

The Company has performed an evaluation of subsequent events through the date the financial statements were issued. The evaluation did not result in any subsequent events that required disclosures and/or adjustments.
